Marriages, 1958	102, 106
Bodies brought back for burial	107, 108

Exaugural

DELIVERED BY HERMAN W. KRUEGER

(On January 6, 1958)

It is with pride that I stand before you again; though under different circumstances, as I did early last year to speak to you. Pride in the fact that I am a part of a society where changes in government take place according to the wishes of the people rather than the rulers. Pride, also, in the fact that I could be a part of the City government in a year blessed with many accomplishments and municipal progress. I would not want it otherwise. To walk backwards is not natural to man, the most intelligent of the Mamalia.

It has been customary at this time to summarize the year's activities and to relate accomplishments. To go into all the details would consume more time than I wish to take. It is more fitting, anyway, to move forward with the New Years business, than to reflect in past glory.

As in past years, the budgets in some departments were over-expended and others had a surplus. Although I do not have all the figures from the auditor, he did inform me that the net result was an increase in surplus over last year of \$10,145.56. This left a surplus this year of \$26,171.12.

One of the departments where the planned budget was exceeded was public works. This I want to explain to some extent. Beyond the normal maintenance of streets and sewers, one of our projects was to restore the surface drainage system to its original usefulness. This meant cleaning out and repairing many catch basins, drainage lines and culverts, and replacing some of them. Unfortunately, the system had deteriorated beyond our expectations, and the work had to be limited to the underground portion. As a result we have over \$3,000 worth of culvert and pipe still on hand. This extra work of necessity obviated any planned replacement of rotted and broken guard rail posts. These, too, we still have on hand.

Another factor in exceeding our budget in this department was the major overhaul of one of our heavy pieces of equipment, also, an abnormally high incidence of repair on some of our older vehicles. We are passing these on to the new administration in the highest possible state of repair. However, it has been suggested by our auditor that these vehicles be replaced in the interest of good economy.

With pride in accomplishments, if we are honest with ourselves, go self-recriminations for the mistakes we have made.

I speak, with regret, of the fact that not only was the unpaid balance of our tax anticipation loan not decreased, but rather increased by \$8,000. Had I been aware in time that a cash reserve has to be held to pay wages through the first week of January for the new fiscal year this situation could have been avoided. As things turned out, we could have made the planned reduction of \$10,000, because, as of today, we have a cash balance of over \$22,000.00 in the bank. This, however, could not be foreseen.

Before stepping aside, I wish to dwell shortly but very seriously on an international subject affecting Americans in every community. This year we Americans apparently lost our world supremacy in at least one scientific field. Further reverses may cost us this same supremacy in all of technology.

Our ancestors paid dearly with many lives for the freedom we so easily take for granted. Many more lives have since been sacrificed to preserve this freedom. Now this freedom depends upon our regaining scientific supremacy.

Whether a person becomes a really good theorist is determined in his own mind, in the way his own interests develop, before he reaches high school. I hope it can never be said of our generation that we failed to pass on to future generations the tools to maintain the freedom we so richly enjoy. In our technical age these tools are the best possible education.

Now, to the 1957 Council I would like to say that we made a good record and pass the affairs of the city to our successors in good condition. These results have been brought about, not by devotion to any political party or combination of personal interests, but by a united and earnest purpose to promote the welfare of the city. I want to express my appreciation to you and the other city officials with whom I have been associated for your unfailing kindness to me and your hard work for the city.

The incoming mayor and council have my best wishes for a harmonious administration replete with temperance and progress.

INAUGURAL ADDRESS

DELIVERED BY EUGENE S. DANIELL, JR.

(On January 6, 1958)

Fr. Karsten, Fr. Houde, Mr. Krueger, Members of the Council for both 1957 and 1958, Fellow Citizens:

My ancestors, my family, and I all owe much to the City of Franklin and its people. It is my hope that, in the coming year, I may, in some small measure, through my services, repay that debt.

An honest man must always admit a feeling of inadequacy when facing tasks as difficult as those now before us. I am no exception but when the year is up, I promise that the City shall have had the very best there is in me.

We face powerful and ruthless opposition. The Public Service Company's valuation can fairly be raised not less than half a million dollars, yet they will spare no expense or effort to embarrass and destroy those who attempt to do it. We intend to challenge and check the reckless drive of Professional Educators to compel this Community, against the wish of its people, to spend itself into economic chaos. The fact that some sincere citizens support them makes the danger greater — and let us never underestimate the power of our local press. It is tragic when hate for one individual is so blind that it must also damage innocent third parties. A year ago our City Auditor, Mr. Riccio, recommended that we replace our present City Treasurer, Hazle Michaud. This was in no possible way a reflection on Mrs. Michaud. Mr. Riccio merely recommended that the school book-keeper (Mrs. Michaud) should not also be responsible as City Treasurer to check the school expenditures. I thought we should take his advice. Two weeks ago, I asked the Journal Transcript to explain this. Instead, in the best tradition of yellow journalism, the story was "Mayor-Elect Daniell, Jr. to axe Mrs. Michaud". This week, I again asked the J-T to state the facts and instead they republished the old story, much to the understandable annoyance of the Michaud family. The Concord Monitor, at my request, published the full story on Saturday. I apologize to the Michauds for this senseless libel of one of our City's finest women.

In the finest traditions of Democracy, there has been a campaign in which the issues which now face us were fairly presented to the people by the press, the radio and by word of mouth. In the election, the Democrats, who were pledged to drastic economy measures, were swept into office by an overwhelming majority. Belief in Democracy is faith in the people! When they have spoken so clearly, we who presented our program to them have no alternative but to carry it out as fully and

completely as possible. For myself and the Democratic members of the Council, I say that this is just exactly what we intend to do.

It is unfortunate that some of those who lost a fair campaign, cannot now bring themselves to cooperating without bitterness, in our efforts to carry out the expressed wishes of our citizens. There is no stigma to losing a fair campaign, but few Americans have any respect for a poor loser.

The fundamental premise of the Democratic campaign was that this City faces a severe financial crisis, due to an excessive tax rate, the impending expenses of a new school, and over-expenditures by all departments of the City, including the Board of Education. If that was true in October and November, how much more it is so today. Our mills are mostly on 4-day schedules, many have been laid off. Our sister City, Rochester, has two closed textile mills and 600 unemployed textile workers. The country is in a sudden and unexpected recession, and with Sputnik, we are faced with the unpleasant fact that our deadly adversary is vastly more powerful than any of us had dreamed. Locally, we find that last year's Administration, which had hoped to cut our tax anticipation loan by \$10,000.00, unfortunately ended up by adding \$8,000.00 to it. In other words, as a City, we are \$18,000.00 further in the hole than we had any right to expect. Actually, our tax rate for the last year should have been \$78.00 rather than \$75.80. This year, due to finance charges on the new school expenditures, we cannot reduce our budget until we have cut other city expenses by about Thirty Thousand Dollars.

This background presents a very real challenge, both to the City government for the 1958 and to the members of our community. We are fortunate to have a Council made up of extremely well qualified citizens. If the community will be reasonably patient and considerate, I am certain we will do a job of which the City will be proud. The key word for the year will be ECONOMY, but we will practice it with malice toward none and fairness for all!

We are cutting the Highway Department by two men. The new Commissioner is a Civil Engineer, with two years' experience on the Maine Highway Department, and a year working for a contractor where he handled a crew of up to 30 men. By effective planning, improved discipline and control, we expect to get more from this Department, with reduced personnel, than was the case in the past year.

The Fire Department is to be cut by one man. Chief Wescott, in accordance with the practice of his predecessors, has agreed to move his family into the living quarters in the Fire Station, and, by so doing, will relieve us of some of the expense of

reimbursing him for quarters, heat and telephone. All members of the Fire Department are to be Special Police Officers. The police telephone will be answered twenty-four hours a day by these men. In addition, it is my intention that they will also answer the phone for the Highway Department. In emergency, one of the three members of the Fire Department, always on duty, will be available for police work outside the Station. Thus there will never be less than two police officers on duty. While he is working, the City mechanic will act as a stand-by fireman, thus freeing one fireman for inspection of oil burners and search for potential fire hazards.

In view of the fact that the police will have the services of the three firemen acting as Special Officers, and further, that we have arranged to have Mr. Colcord, the janitor of the City Hall, do stand-by police work in the morning, it is my recommendation that the regular police officers not including our chief and deputy chief be reduced in number from five to three. With this reduced personnel, a schedule has already been drawn up which calls for the police cruiser to be on duty 16 hours a day and, on two days a week, to be on duty for the full 24 hours. There will never be less than two officers on duty.

The other smaller Departments of the City will, of course, be expected to take steps similar to those which I have outlined for Highway, Police, and Fire. These recommendations are only a beginning. I wish to make a study of the possibility of contracting out the collection of rubbish and garbage. Several thousand dollars might be saved. Through further coordination between Departments, it is my hope that additional personnel on the City payrolls may be eliminated.

Those we are removing from City payrolls, have all given satisfactory service. When in the future any vacancies or opportunity for extra work occur, they will be given preference. Some who remain may not be able or willing to stand our increased work schedule and stricter discipline. If so, their places will be filled from those we have had to let go.

I realize that, to many, the recommendations I have made may seem drastic. They should be considered in the light of what is done in towns like Tilton and Northfield, which have more than half our population, two - thirds our property valuation and perhaps twice our area. They get along with two regular policemen and no regular firemen. In Bristol there is one policeman and no regular firemen. In my opinion, the new set-up handled with intelligence, provides adequate personnel for all required services in this City. I see no reason why, during the present year, the City should not be better taken care of than in the past.

Certainly, there can be no effective economy in Franklin un-

less our schools will cooperate. I regret that there is no indication to date, that they will do this willingly. At the outset, we should realize that the interest of our professional educators is not that of we who intend to live in the City all our lives. The professionals, who, by false arguments and excessive persuasion, induce us to spend in excess of our capacity to pay, can look forward to rapid advancement and a removal from our community before he or his family suffer with the rest of us from the financial chaos which his recommendations have brought upon us. Thus new and expensive schools, a large number of teachers, and extra courses, which look good to superiors in Concord, are vastly more important than the quality of instruction for our children. State wide reputations must come first, not service to community or pupils. So we may explain the wilful refusal of our school people to consider the wishes of the community as to the location of our new school. Please Concord — ignore Franklin and its Citizens!

It is my opinion that, in Franklin, a small clique has succeeded in gaining control of our schools and operating them in wilful violation of the expressed wishes of our people. They refuse to acknowledge the mandate of the people in our election. Their actions indicate that they feel the public is not capable of deciding what they want or need in local schools. The best example of their scorn of local people is shown by their business dealings.

Class pictures, jewelry, musical instruments are all bought out of town. Local business men are ignored. It's time our schools were returned to us!

Educators complain that good teachers cannot be held in our system. The answer is, that under their policy, they refuse to pay a good teacher more than they do a mediocre or unsatisfactory teacher. All receive the same, regardless of ability. Pay is entirely a matter of the length of time they have been teachers. Certainly today Science and Math teachers must receive a bonus. I think our High School problems will never be solved until we establish a differential between Grade and High School teachers. The law of supply and demand applies in the schools as well as business. Gifted and dedicated teachers must be rewarded by higher pay. This year, unless the School Board adopts very drastic economies, there will be no funds available in the budget we approve, for any raises except possibly in such individual cases. Already our salary schedules are well above the average of this State as well as Vermont and Maine. In fact, in some cases, such as our Superintendent at \$9300, they are close to the top. We cannot retrench in all other Departments and not include the schools. They too are part of Franklin.

Of course, the Mayor and Council have no control of the management of schools. They do, however, set the amount of money that may be spent by the School Board. It is up to them to determine whether we can afford Kindergarten, whether we can afford classes where there are 25, and less, pupils. The State maximum is 40.

When the new school is opened with its thirteen new classrooms, the Nesmith School must be closed. It means a saving of \$10,000.

Mr. Martin submitted a plan which would have permitted this but the School Board turned it down. They gave no reasons but I assume they are opposed to any form of economy. The new school, when completed, must be accepted by the City Council and then turned over to the School Board. I, for one, shall oppose this until the School Board adopts plans to close Nesmith when the new quarters are available.

There are many unrequired courses such as physical education, driver training, ski instruction. It is not for me to say which one of these economies, or how many, the School Board must accept in order to stay within the limits of the funds we appropriate. They have been put on notice that we cannot exceed last year's appropriation and that we expect a considerable reduction.

The School Board has promised their budget by Feb. 1st. I hope they can get it to us earlier. I expect all other Departments of the City to submit budgets by Jan. 20th. Until budgets have been adopted, no expense, other than routine will be approved when the monthly draft is submitted.

The final major problem we face is tax assessment and the reduction of our tax rate. We are fortunate, this year in having men of exceptional ability volunteer their services as assessors. The men whom I believe the Council will elect have all agreed that valuations should go up, as a whole, approximately 30%. Individual assessments must be adjusted, up or down, in order to make them fair and equitable throughout the City. There are many who have agitated for a complete revaluation by outside experts. I think the men we will choose this year have the ability to do a much more effective job than has been done in the past. State experts would cost us not less than \$12,000.00, and outside experts, somewhere in the vicinity of \$40,000.00. I will not subject the City to this expense without an attempt, this year, to solve the problem ourselves. I firmly believe that if local communities had more faith in themselves, we would face many fewer difficulties.

I hope that our citizens, when the new assessments are made public, will recognize that almost everyone has had an increase in their valuation. Of course, some ask why it is neces-

sary to raise valuations. The answer is, simply that as long as we have a \$75.80, or higher, tax rate, we are not going to induce new industry to come into our town, nor will we be attractive to individuals who might seek to settle here and establish a home. One thing I promise, and that is, if valuations go up, there will be a corresponding drop in the tax rate.

The previous administration did good work in developing an ordinance for a Local Planning and Development Board. I hope this act, in its final form, will be passed at our February meeting. One appointment to the new Board will be Mr. Krueger. He is intensely interested in this field and can do much to start it off right. I hope this year for a zoning ordinance which will protect the Webster Lake area and possibly Prospect Hill, the Veterans' project and other portions of the City. We must have a parking Ordinance for Webster Lake for the months of June through Sept. I think of a charge of 50 cents for daily parking and a dollar for the season. Eventually we must spend huge and a dollar for the season. Eventually we must spend huge sums on sewers and sewerage disposal.

A sewer tax is a must and we will try to have one this year.

The Charter needs changes which will give us a five man School Board and end City elections on the first, not the third Tuesday of November. These are the things we must all work to accomplish.

The coming year is one of crucial importance to us all. If we build on a firm foundation, the rapid growth in the population of our Nation, the age of atomic weapons which compels decentralization of industry and population, the fact that we will have express highways by our doorway within the next two years, all mean that if we act wisely now, the future of our City should be very wonderful.

Your Mayor for this year and your Council all have great faith in you. We would not be here except for the expressed confidence which you gave us on Election Day. With your patience and cooperation and with firm determination on our part to meet the problems which we face, the members of the Council and myself solemnly pledge to you that we will do our utmost to fulfill the pledges we have made to you and to insure a bright and properous future for us all.

City Government Officials

Mayor

Elected annually on the fourth Tuesday of November. Salary \$200.00 a year.

Eugene S. Daniell, Jr.

Members of the City Council

Elected by wards for three years. One member from each ward. Elected on the fourth Tuesday of November annually. No salary.

Ward 1	Term expires
Virginia Dufault	January, 1959
Malcolm Thompson	January, 1960
Merlin Cook	January, 1961
Ward 2	
Roland Desrochers	January, 1959
Bernard Kollar	January, 1960
Maurice Limoge	January, 1961
Ward 3	
George Turcotte	January, 1959
William B. Fisher	January, 1960
Stephen Robitaille*	January, 1961

*Resigned, December 1, 1958

City Clerk, Tax Collector, Clerk of the Board of Assessors and Custodian of Memorial Hall

Elected annually by the City Council. Salary \$4300.00 a year.
Mildred S. Gilman

Overseer of the Poor

Elected annually by the City Council. Salary \$56.36 a week.
Albert M. Ayotte

City Treasurer

Elected annually by the City Council. Salary \$250.00 a year.
Luella M. Dempsey

City Solicitor

Elected annually by the City Council. Salary \$1109.72 a year.
Donald Cushing

Assessors

Elected annually by City Council. Salary, Chairman \$625.00 a year, \$597.00 a year, other two, \$50.00 per year expense allowance for each.

Ward One	Clement Orr
Ward Two	Gerard Lemire
Ward Three	Harold S. Colby, Chairman

Commissioners of Water Department

Two members elected annually by City Council for three years. No salary.

Alexander Hebert, John Barry	Term expires
Howard Kelley, William S. Thompson	January, 1959
Michael E. Burke, Olivier Lagace	January, 1960
	January, 1961

Highway Commissioner

Elected annually by City Council. Salary \$100.00 per week.
Donald Huston

Superintendent of Water Works

George Thompson

Welfare Commission

One member elected annually by the City Council for three years.

Albert Perreault	Term expires
Frederick Kulacz	February, 1959
Israel Barg	February, 1960
	February, 1961

Board of Health

Elected annually by the City Council. Secretary and Chairman of the Board of Health and Milk Inspector \$220.00 a year. No salary for second and third members.

Dellas Lambert, Chairman Marjorie Scott

Robert J. Morin, M. D.

Parks and Recreation Commission

One member elected annually by the City Council for four years.

George Sargent	Term expires
Robert Dorman*	January, 1959
Valmore Beaupre	January, 1960
Leon Dearborn	January, 1961
	January, 1962

*Resigned January 5, 1959. Raymond Emerson elected to replace him.

Trustees of the Public Library

Two elected annually by the City Council for three years. No salary.

Thomas Murray, Elizabeth Proctor	Term expires
Alice M. Shepard, Luella Dempsey	January 1959
John Shepard, Esther Griffin	January, 1960
	January 1961

Surveyors of Wood and Lumber and Fence Viewers

Appointed annually by the Council.

Ernest Smith, Earl Picard, Martin Crowley, Milo Unwin
Edward Colby, Colin Jones, Henry Prince and Israel Barg.

Janitor of Memorial Hall and Heating Plant

Elected annually by City Council. Salary \$53.46 a week.
Ralph Colcord

Trustees of Trust Funds

One member elected annually for a three year term

M. Guy Gilman	Term expires
Arthur Leonard	September, 1959
Albert J. Garneau	September, 1960
	September, 1961

Board of Education

One member elected annually for a three-year term the fourth Tuesday in November. No salary.

Robert Hinds	Term expires
Paul A. Smith	January, 1959
Wiggin S. Gilman	January, 1960
	January, 1961

WARD OFFICERS

Elected biennially by the ward.

Ward One

Moderator — Basil Broadhurst
Ward Clerk — Delia Smith
Supervisors of check list — J. Langdon Prescott, Malcolm
Conant, Virginia Dufault

Ward Two

Moderator — Henry Prince
Ward Clerk — Roger Desrochers
Supervisors of Check list — Annie Desrochers, Lucien
Dussault, Rita Menard

Ward Three

Moderator — Angelina Hebert
Ward Clerk — Thelma Duncan
Supervisors of Check list — Joseph Mercier, Luella Dempsey, John Chapley

Ballot Inspectors

Ward One — Muriel Collins, Olive Hemeon, Eugenia Garneau, Ruth Mullavey
Ward Two — Evelyn Bean, Elizabeth Krueger, Bernadette Bergeron, Beatrice Beaudin
Ward Three — Helen Clark, Claire Dubia, Arthur Leonard, Mary Claxton

FRANKLIN MUNICIPAL COURT

Justice

Appointed by Governor and Council. Salary \$1200.00 a year.
Robert T. Hoyt

Clerk

Appointed by the Justice. Salary \$525.72 a year.
James Stearns

Probation Officer

Appointed by the Justice. Salary \$300.00 a year.
Albert M. Ayotte

FIRE DEPARTMENT

One chief and two assistant engineers, elected annually by the City Council.

Chief Engineer
Leland Wescott

1st Assistant Engineer
Bernald Cook

2nd Assistant Engineer
Moise Mercier

Permanent Firemen
Lewis Marsh
Charles D. Cunningham

Firemen

Hose Company No. 1

Earl Nowell, Captain, 10 men

Engine Company, No. 1

Arthur St. Jacques, Captain, 15 men

Hook and Ladder Company No. 1

Arthur Tilton, Captain, 15 men

Superintendent of Fire Alarm

Elected by the City Council. Salary \$137.50 a year.

Charles D. Cunningham

POLICE DEPARTMENT

Chief of Police

Elected annually by City Council. Salary \$75.86 a week.

John Pikor

Deputy Chief of Police

Elected annually by the City Council. Salary \$70.86 a week.

Sidney Martin

Regular officers

Elected annually by the City Council. Salary \$63.36 per week.

Maltheno Clark

Clifford Richardson

James Nowell, Jr.

Lougee LaPage

Special Police Officers

Frank Landry	Leland Wescott	Henry Roy
Ernest Michaud	Bernald Cook	Freeman Brailey
Frank Piwonski	Charles Cunningham	Guy Magoon
Wilfred Menard	Moise Mercier	Hugh Ladd
Ernest Gilman	William Beckford	Roger Blais
Joseph Miquelon	Lewis Marsh	Colin Jones, Jr.
Ralph Colcord	Jean W. Shaw	James Marchi
Harold Colby	Roger Elliott	Odias LaRoche
Arthur Farnsworth	Harold Hunter	Arthur Pinard

Auditor's Report

CITY OF FRANKLIN, NEW HAMPSHIRE

FOR THE YEAR 1958

To the Honorable Mayor and City Council
City of Franklin
Franklin, New Hampshire
Gentlemen,

Complying with your request and in accordance with the City Ordinances, I have made an examination of the books and underlying records of the City of Franklin for the year ended December 15, 1958 and submit herewith my report consisting of exhibits, supporting schedules and comments.

SCOPE OF AUDIT

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and of the supporting evidence as was considered necessary under the circumstances. Verification letters were mailed to a substantial number of outstanding Property and Poll Taxes. Except for the Taxes, Accounts Receivable and some year-end adjustments, the general books of the City are kept on a cash basis and hence reflect cash receipts and disbursements only.

BALANCE SHEET - GENERAL FUND

Exhibit A

The Balance Sheet, General Fund, shows the financial condition of the City of Franklin as at the close of business December 15, 1958. The Comparative Balance Sheet, Exhibit A. Schedule 3, discloses the increases and decreases in the various accounts between the years 1957 and 1958.

Cash on Hand and in Banks - \$28,866.61

Cash in the bank was reconciled to both the bank statement and the independent verifications received directly from the depositories while the cash on hand was verified by count as at the close of business December 15, 1958. All checks cancelled during the year were compared with the cash records and the receipts were traced to the bank deposits.

Accounts Receivable - \$368.13

I checked the charges and credits to the Accounts Receivable ledger cards and a listing of the unpaid balances was in agreement with the controlling account. Some of the accounts appear to be uncollectible and I would suggest that they be charged off.

Taxes Receivable - \$76,990.18

The above caption represents uncollected taxes as at December 15, 1958 against which there is a reserve for uncollectible taxes of \$1,351.40.

Exhibit A, Schedule 1, discloses the 1958 activity of the levies of the various years and shows the differences between the control and the detail.

Charges and credits including abatements and subsequent assessments were checked and the daily cash receipt stubs representing collections on poll, property and head taxes were traced to the cash and the tax warrant books. In addition, several hundred verification letters were mailed to the unpaid accounts and any differences reported to me were thoroughly examined.

The 1958 tax warrant was completely footed and proved to the control. The tax rate of \$57 per 1,000, as approved by the State of New Hampshire Tax Commission, was confirmed by direct correspondence. I would recommend that outstanding taxes for the years 1951 to 1955 be abated as they appear to be uncollectible.

Unredeemed Tax Sales - \$8,083.79

Property Acquired by Tax Deed - \$1,224.81

These items represent property acquired for non-payment of taxes and were accepted as shown on the books.

Head Taxes Receivable - \$5,295.00

The above item represents uncollected head taxes which will be paid to the State of New Hampshire when collected.

Due From the State of New Hampshire - \$5,096.40

The Balance Sheet details the above caption. Most of the items were independently verified.

Temporary Loans in Anticipation of Taxes - \$80,000.00

This amount represents the balance due the First National Bank of Boston on borrowings in anticipation of taxes. Steps should be taken for the systematic liquidation of this liability and I recommend that for the next several years an amount be included in the budget so that this liability will eventually be liquidated.

Reserve for Head Taxes - \$7,797.50

This account represents the City's liability to the State of New Hampshire on head taxes when collected.

Parking Meters - \$643.87

The balance in the parking meter fund is represented by this amount. Cash for this item is included in the General Fund Cash account. In addition to appropriating \$5,000 from this fund for budgetary credits, a total of \$10,000 was appropriated during the year for the Police and Highway Department.

Surplus - \$19,790.80

Exhibit A, Schedules 2, 2A and 2C, show the results of budgetary operation for the current year and further support the the amount transferred to Surplus. The result of the current year's operation shows that \$16,081.18 was transferred to Surplus but that \$22,000.00 was appropriated from Surplus for the

1958 budget.

BALANCE SHEET - GENERAL INDEBTEDNESS

Exhibit B

The Balance Sheet, General Indebtedness, discloses the City's liability on bonds and long-term notes as at December 15, 1958. A detail of the indebtedness appears on Exhibit B, Schedule 1. All bonds cancelled and interest coupons paid during the year were produced for my inspection.

Cash in the banks was reconciled to the bank statements as well as the confirmations received independently from the depositories.

The bond and coupon bank accounts show some small balances representing coupons not presented for payment. Since it appears unlikely that they will be cashed, I suggest that the accounts be closed to the General Fund but that the City agree to honor payment if the coupons are presented for payment. The following is a list of the balances and their due dates.

School Bond Coupons, due August 1938,	\$15.00
Hancock School Coupons, due February 1, 1939,	\$15.00
Road Improvement Bonds Coupon Account, due January 1949,	\$45.00
New High School Bond Coupon Account, due March 1950,	\$45.00

The amount due from the Water Works is offset by the contra Water Works bonds shown on the liability side of the Balance Sheet. The Water Department liquidates this liability from its own funds.

BALANCE SHEET - TRUST FUNDS

Exhibit C

The Balance Sheet, Trust Funds, records the Assets and sources of such Assets in the custody of the Trustees of the Trust Fund.

Cash in the Banks - \$40,615.31

Cash in the commercial and savings banks was reconciled to the bank statements as well as the confirmation received from the depository.

Investments - \$84,354.84

Exhibit C, Schedule 1, lists the various trust funds and the investments of each. The securities were verified by examination in the presence of a trustee of the Trust Funds.

Overseer of the Poor - Statement of Cash Receipts and Disbursements.

School District - Statement of Cash Receipts and Disbursements.

Public Library - Statement of Cash Receipts and Disbursements.

The books and records of the above were examined and cancelled checks were compared with the cash disbursement records. The cash in the bank at the close of the year was reconciled to the bank statement and the bank confirmation.

Unpaid bills as at the end of the year in the School Department amounted to approximately \$400. A School Construction Aid check from the State of New Hampshire, dated November 28, 1958 in the amount of \$9,377.43, was undeposited as at December 15, 1958. In view of the fact that the City of Franklin provided the funds for the school debt retirement on which this reimbursement is based, it seems that the check should have been turned over to the General Fund. In any event, it should have been deposited immediately.

Payroll

All payroll checks cancelled during the year were examined and the bank statement was reconciled.

GENERAL COMMENTS

City Clerk

The books and records of the City Clerk's office were spot checked and the daily register tapes were checked to the cash receipt books and traced to the bank deposits. A spot check was also made on automobile permits, dog licenses, as well as other business licenses.

City Treasurer

It appears that the apparent function of the City Treasurer is to maintain independent control over the City's cash funds. An examination of the City Treasurer's records revealed that there was no such check of the General Fund or School Department balances. For example, the bank statements had not been reconciled during the year. The treasurer's records were not in agreement with either the bank statements, the City Clerk's records or the School Department books. Errors were made in entering the checks, the deposits and in footings. If the City Treasurer's office is to embrace only the listing of the cash items without reconciliation to either the bank statements or the cash records, it obviously has very little usefulness as an independent check and under such circumstances can be eliminated.

In conclusion, may I summarize the following salient items which require your careful consideration.

1. Charge off the old Accounts Receivable balances.
2. Charge off all Taxes Receivable for 1955 and prior years.
3. Provide for the liquidation of tax anticipation notes.
4. Close out the small balances in the Bond and Coupon bank account.
5. Require the City Treasurer to maintain a more accurate set of records or eliminate the office.

I wish to express my appreciation to all the City officials and the members of their staffs for the cooperation and courtesies extended me during the audit.

Respectfully submitted,

LEONARD D. RICCIO
Certified Public Accountant

FRANKLIN PUBLIC LIBRARY

The fifty-first annual report of the Franklin Public Library records continuing growth in the use of the library and its facilities. The observance of the 50th anniversary of the opening of the building and its services to the community, held last March during National Library Week, pointed out the important place this institution has in the life of the city.

The busiest year of the past seven years closed in December. There had been a circulation of 46,232, with 13,250 books, or over one-third of the total, from the children's room. During 1958 the additions to the book collection were 729 volumes, 672 by purchase, and 57 by gift. The smaller number of books than usually purchased was necessary because of the required cut in the year's budget. There were 591 adult titles added, with 138 titles for the children's room. Magazines received regularly numbered 158, of which 50 were gift subscriptions. Eight newspapers appeared daily or weekly in the reading room. The Memorial Book Shelf received eleven additions. The reading score figured 7.05 books per capita, with those per borrower averaging 14.9 volumes. The reading average for the year stood at 41.6% for fiction, 29.9% for non-fiction, and 28.5% for juvenile reading. The library's cataloged books now number 30,239 volumes. As usual, much of the time-consuming reference work, involving the use of back files of magazines, as well as books, never gets counted to appear in the statistics for the year.

Registrations have increased by 530, of which 442 were local and 88 were non-residents. 487 cards of those no longer using the library were withdrawn, leaving an active file of 3,084 names.

The juvenile department has been a decidedly busy place, with a circulation of 13,250 volumes, the largest circulation in twenty years. During Book Week, in November, over 500 children and their teachers visited the library to see the new books reserved for their inspection. Classroom loans made to teachers numbered 57, with 731 books circulated in this manner. Summer camp loans were made in this vicinity during July and August, and throughout the year collections of light novels, mysteries and westerns have been loaned to two smaller, neighboring libraries. Through interlibrary loans handled at the State Library we have borrowed 64 titles and loaned 20 of our books. The fourth annual silent book auction was held the last two weeks of August, adding \$82.75 to the book fund.

Library Hall and the Draper room were used many times by the Woman's Club, the Garden Club, and various group or committee meetings. Naturalization classes met for ten even-

ings, sponsored by the Abigail Webster Chapter D. A. R., taught by Miss Esther Stevens. Visitors enjoy the exhibits arranged from time to time. Chief of these have been the fine selections from the Mary A. Proctor heirloom pewter collection owned by Mr. and Mrs. Alexis Proctor, interesting toys and dolls from Mexico loaned by Lawrence Pohle, a New Hampshire covered bridge exhibit, stamp blocks loaned by Charles Alexander, the Joseph Ayotte collection of United Nations stamps, and a President Franklin Pierce exhibit.

The Fiftieth Anniversary of the Franklin Public Library was observed during the first National Library Week in March. Open House was held on Sunday afternoon, March 16, when all three floors of the building were open to the public. Mrs. Luella P. Dempsey, Chairman of the Trustees, assisted by the library staff, welcomed all visitors, and refreshments were served by Mrs. Elizabeth R. Proctor and Mrs. Esther D. Griffin, trustees. Mr. Thomas A. Murray and Mr. John S. Shepard trustees, acted as hosts in the Draper room, also showing the fine new heating system to those interested. Miss Britta Karlberg and Miss Carol Toshach, former and present high school pages, had charge of the guest register and the distribution of souvenir pencils. In spite of the stormy day there were over two hundred visitors present.

Summer library hours were in force from the time school closed in June until the week after Labor Day. Members of the library staff and several trustees have attended neighborhood state, and New England meetings. The librarian enjoyed a special two-day trip to New York and the United Nations, arranged last May for New Hampshire librarians.

The forming of a Senior Citizen group was sponsored by the trustees. Mrs. Esther Griffin acted as chairman until the group organized. She was assisted by Mrs. Elizabeth Proctor, Mrs. Luella Dempsey, and the librarian. A group of over thirty members meets regularly in the Draper room on the first and third Wednesday of each month. The second meeting is a party for those whose birthdays occur in that month. The name chosen — Golden Glow Group, with the following officers: Chester A. Griffin, president; Rev. A. Brownlow Thompson, vice-president; Miss Mabel Blake, secretary; Raymond D. MacFarlane, treasurer; Mrs. Daisy Eddy, publicity chairman. There are no dues, but small contributions are made at each meeting, when a member wishes to do so, to defray small expenses of the group. Simple refreshments are served. The group announces itself as organized for fellowship and fun.

A limited film service has been available for all except the summer months. Canadian Government color films, 16 mm. with sound track, on scenery, sports and wildlife, are loaned free of charge. Three films are exchanged every two months,

and the film service has received a warm welcome from societies, schools, clubs, and individuals. In a year's time there have been 132 showings with 5,242 viewers enjoying the films.

The publicity given library news items by the Journal-Transcript and the Concord Monitor, also the kindness of high school personnel in connection with our film service, have been much appreciated.

The library staff has remained the same except that Carol Toshach, our high school page for three years, left to attend the University of New Hampshire. Linda A. Geiler, a high school sophomore, is her successor. Mrs. Ethel L. Hanley, assistant librarian, received for the fourth year the New Hampshire Library Association award of \$75 toward her expenses at the library techniques course offered at the University Summer School at Durham. A certificate was awarded for her completion of the course which has been a benefit to the library and to Mrs. Hanley, personally.

The Franklin Public Library continues to serve the community to the extent of its resources, through the cooperation of an interested Board of Library Trustees and the staff, encouraged by the appreciation frequently expressed by the borrowers for the book collection and the services offered.

Respectfully submitted,

MILDRED J. PEASLEE

Librarian

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Mayor and City Council,
and Citizens of the City of Franklin:

At the start of this, my first annual report as your Superintendent of Schools, I wish to express my appreciation for the friendly advice and help given me during the past few months by members of the School Board and School Staff and by many citizens concerned with the welfare of our schools.

This is the fifty-eighth in the series of reports prepared by school superintendents.

PERSONNEL CHANGES

Dr. Allan S. Hartman was appointed Principal of Franklin High School, replacing Mr. Joseph J. Cashman who resigned to accept a position in Connecticut after 13 years of service as Principal of the High School. Dr. Hartman received his Bachelor's Degree from New York University in 1953, Master of Arts Degree from Harvard in 1954, and his Doctorate in Educational Administration from Harvard in 1958. Dr. Hartman has served in the Concord, California School System and as Executive Director of Adult Education at Fall River, Massachusetts.

Mr. Frank Annaldo, a graduate of the University of New Hampshire, has been employed as a teacher of History replacing Mr. Frank Crowley. Mr. Annaldo is also the Head Football Coach and serves as Coach of Junior Varsity Basketball.

Mr. James Athanas, a graduate of Boston University, has replaced Mrs. Sally Keniston as teacher of Personal Typing, Business Mathematics and Exploratory Business. Mr. Athanas has done some graduate work at Boston University.

Mr. Leroy Nash, a recent graduate of the University of New Hampshire, replaces Mr. Philip Kilmister as teacher of Problems of American Democracy, World History and Economic Geography.

Mrs. Brenda Murphy, a recent graduate of Lowell State Teachers' College, has replaced Miss Ann Merrill as teacher of grade III.

Mr. Peter White, a graduate of the University of New Hampshire, replaces Mr. Edward O'Rourke as teacher of grade V. Mr. White taught for one year at Chichester, New Hampshire.

In September Mrs. Ann Dickinson was transferred from grade II Hancock School and assigned to teach the Special Class at the Bessie Rowell School as an emergency measure, it being impossible at that time of the year to secure the services of a special class teacher. During the 1958-1959 school year Mrs.

Dickinson has worked very effectively as teacher of the Special Class.

Mrs. Dawn White, a graduate of Plymouth Teachers' College, replaces Mrs. Maxine Brewster as teacher of grade II. Mrs. White taught for one year in Rumney, New Hampshire. With the resignation of Mrs. White in December Mrs. Doris Alexander, a graduate of Florida State University, was appointed as replacement. Mrs. Alexander taught for 5 years in North Carolina in the lower grades.

PLANNING AND PROGRESS

A number of steps are being taken to improve, in significant measure, the quality and effectiveness of the education offered to young people in the City of Franklin. Among the more important measures designed to improve our educational offerings are:

1. Special Class
2. Curriculum Revision
3. Guidance Program
4. Effective Scheduling
5. Helping Teacher
6. School Library
7. Course Offerings
8. Special Equipment
9. School Building

In the following paragraphs we submit a report of planning and progress made since September in the nine significant areas enumerated above.

1. Special Class

Through the services of our school psychologist, school nurse, and other staff members considerable progress was made last year in identifying, within the school system, children with certain handicaps requiring special instruction. This progress in identifying and defining the needs of certain exceptional children was sufficient to warrant the establishment of a special class with the opening of school. Upon coming to this Superintendency last September the limitation of the School Budget and the immediacy of the need caused your School Superintendent to recommend and the School Board to approve the transfer of Mrs. Anne Dickinson from the Hancock School and her assignment as teacher of the special class.

The 1959 Budget provides for the continuance of this special instruction, essential if we are to fulfill our clear obligation to these handicapped children.

2. Curriculum Revision

All members of the professional staff of the Franklin School System have been involved in working to improve the curriculum during the course of the present school year. A Language Arts (reading, spelling, English grammar, literature) Guide

for the Kindergarten and grades 1 - 6 has been prepared as an outgrowth of a Language Workshop last fall. At the Junior - Senior High School level considerable curriculum improvement has been going on in the initial planning and evaluation stages. Particular progress has been made in English and Science. In addition we have had some assistance in our curriculum appraisal by the Secondary School Curriculum Committee of the National Council of Teachers of Mathematics.

As a service to teachers in this Supervisory Union, your School Superintendent has issued two curriculum bulletins during the course of the present school year. The latest of these curriculum bulletins is entitled **Our Children Learn to Read**. This guide is designed to make easily available to teachers a rich variety of supplemental reading activities and devices. Of particular interest to parents, however, is the fact that this guide describes in lay terms the more important features of our reading program. It also emphasizes the fact that reading readiness begins at home, listing 15 ways in which parents can help to insure this READINESS. It also details 10 ways in which parents can help to insure that their children make satisfactory progress in reading.

As long as the supply lasts, copies of these bulletins are available to parents at the office of the Superintendent of Schools.

3. Guidance Program

It is commonly known that this nation is great in such natural resources as soil, climate, oil, coal, metals and minerals. Our greatest national resource, however, lies in the special abilities and capacities of our young people. Fortunately, these creative, inventive, and productive abilities, often a hidden potential in our children, are **discoverable, measurable, and capable of almost limitless development**. To discover, define and develop this one almost priceless resource has come to be recognized as the most important job of our schools. The name of this service is **GUIDANCE**.

To provide this service on an effective basis your School Superintendent shortly will nominate and your School Board elect a highly qualified person as Guidance Director. This Guidance Director will probably begin work about July first in order to have a well planned Guidance Program ready for the opening of school next fall.

The Guidance Program will include at least six main areas:

1. **Testing** — A thorough testing program to help discover aptitudes, abilities, interests and achievement. The testing will serve diagnostic and remedial purposes, enabling teachers more effectively to serve our young people.
2. **Educational** — Guidance in the selection of courses,

applications for scholarships, and selections and applications for college entrance.

3. Counseling — A basic advisory service through which pupils receive individual counseling in their educational, vocational and personal problems.

4. Informational — Maintaining and helping to interpret a library of information relating to careers, catalogs, student guidance publications, scholarships and job placement.

5. Placement — Counseling students on a 12 months basis and assisting students in job placement. This involves maintaining extensive contact with business and industrial employment sources.

6. Follow-up — A continuing study of graduates in business, industry and college using evaluative techniques in an attempt to determine the effectiveness of the guidance and placement program and the school program in general.

It should be mentioned that Dr. Hartman and his staff, during the present school year, have been laying an effective foundation for the development of a thorough-going Guidance Program. The entire High school Staff is commended for the vigor with which this work has been carried out.

4. Effective Scheduling

We have in prospect, I feel sure, a far more effective scheduling than is presently the case. Physics, Chemistry, Biology and Art will be so scheduled as to provide double periods. This is as necessary in the laboratory as in the shop. Among the several schools a more efficient division of time for special area teachers is planned. A more flexible High School Schedule will permit the scheduling of valuable semester special interest courses and better provisions for special activity and guidance programs. To some extent it will free the Art Instructor for increased services at the Elementary School Level. Most important of all, this new schedule should make possible a more effective use of the present teaching staff at the high school.

5. Helping Teacher

Your School Board and City Council have voted to establish the position of Supervisor or Helping Teacher. This is a Supervisory Union position with matching funds from the State of New Hampshire, the City sharing the remaining costs with the other communities in this Supervisory Union. The Helping Teacher will begin work about July 1, serving as a resource-research person devoting his entire energies in assisting teachers continually to improve the quality of instruction.

We know that in teaching, as in the medical profession, our specific practices, procedures, and techniques are capable of important and continual improvement. Our most highly trained and highly skilled teachers realize this fact most fully and

are the first to seek criticism, review, and consultation aimed at the further improvement of their own teaching practices.

Another important duty of the Helping Teacher will be to work with groups of teachers to revise and improve the curriculum offered to our children and young people. The best school systems everywhere are doing a great deal to encourage teachers to follow promising paths to more effective education. This we intend to do in a systematic and substantial manner through the services of our Helping Teacher.

6. School Library

To a person new to the Franklin School scene, the most glaring, easily-noticed deficiency was the complete lack of an effective library at Franklin High School. Thinking citizens and competent educators everywhere are convinced that an adequate well-selected library should be the very heart and center of any effective high school program.

Last fall we made some initial purchases necessary to the beginning of a high school library and Dr. Hartman managed to arrange for the services of a librarian without an increase in the staff. For the coming school year we plan to further increase this service without a request for an increase in the teaching staff.

This summer \$3,000.00 will be expended toward building up a modern school library. This expenditure for a resource library should do much to improve the study-research skills and abilities of our young people

7. Course Offerings

With a more flexible high school schedule and an increase in the number of class periods from 6 to 7 it appears more than likely that we shall be able to increase the number of regular courses by about 8 and to offer, in addition, perhaps 9 or 10 special interest courses, most of these on a semester basis.

All of this is planned without an increase in the high school staff.

In all likelihood some of the new course offerings include most of the following: (1) Creative Writing (2) World Literature, (3) English Literature, (4) Drama, (5) English Laboratory, 6 Advanced Speech, 7 Library Science, (8) a special Senior Science course as a two part sequence to Life Science, (9) an Advanced Science course as a fourth year offering following Biology, Physics, and Chemistry, (10) a full-year course in Ancient History, (11) a full-year course in Modern History, (12) Business English, (13) Business Law, (14) Salesmanship, (15) French IV, (16) Applied Art, (17) Music and Art Appreciation (18) & (19) Special interest courses in Home Economics and Shop and (20) Consumer Economics.

8. Special Equipment

The School Board and City Council have voted authorization to receive and expend Federal monies under the National Defense Education Act of 1958 to improve the Mathematics, Science and Foreign Language Departments through the purchase of special equipment designed to improve our offerings in these fields. The 1959 Budget includes \$1,200.00 in anticipation of these matching funds.

One probable purchase under the National Defense Education Act will be Foreign Language Laboratory Equipment. Such equipment provides student stations where the pupil listens to conversation and instruction in French as recorded on tape providing a situation in which **throughout** the period **each student** may listen and respond. Such equipment may include a monitor system enabling the teacher to listen in at each student station and may also include a provision whereby the teacher may not only monitor but interject corrections and instruction on any individual tape. The value of such a Foreign Language Laboratory lies not only in the fact that such equipment multiplies by about 30 times the opportunities of each student to translate and to speak but also such equipment permits the student with or without the teacher's immediate supervision to listen critically to his own responses and to correct and refine his delivery.

9. School Building

The urgency of the need for classroom, laboratory and cafeteria space at the Junior-Senior High School has been greatly increased by changes in the Junior-Senior High School programs over a period of years and, in particular, by the greatly improved offerings and scheduling planned for the coming school year. The City Council has visited the schools and has been informed by the staff of some of the difficulties under which we are operating at the present time. Although we have two full-time Home Economics teachers we have been attempting to use the Home Economics Room as a Cafeteria, serving both the Junior and Senior High Schools. This has meant cooking and sewing laboratory classes have been continually interrupted to the detriment of the whole program.

The Business Education Department is also drastically hampered by lack of space. There are similar restrictions in other departments. There is not sufficient space to operate an effective school library so essential to any Secondary School Program.

The proposed addition would connect the Junior and Senior High Schools, answer pressing needs for additional classroom space at both the Junior and Senior High Schools and provide a combination cafeteria and multi-purpose room, a modern

kitchen serving both hot and cold lunches, the necessary office, conference and reading areas for the Guidance Program, and, in all probability, a band room. In the new addition should be located multi-purpose laboratories serving the 6 or 8 divisions of Junior High School Science and all of the Science classes presently located in the High School. By so doing, sufficient classroom space is available in the High School to carry out the improved high school program. In this way two or three multi-purpose laboratories would serve our entire laboratory needs. This is a far more efficient use of the space than the present unsatisfactory situation. For example, one instructor teaches both Physics and Chemistry and yet we have separate Physics and Chemistry laboratories in the High School. The plan is to provide modern multi-purpose laboratories which would be used as laboratories throughout the school day rather than being used for only two or three periods daily.

Surprisingly enough the total cost of the proposed addition may actually be less than that proposed in the initial plan following release of the Englehardt Report.

At the time of writing, this much needed addition to the school plant is awaiting favorable action by the City Council.

SCHOOL BUDGET

The 1959 School Budget as finally voted by the City Council represents an increase in appropriation of less than 4 1/2%. This is less than recommended by your School Superintendent and requested by your School Board. Interested citizens might well compare this increase with the increases voted in other New Hampshire cities.

CONCLUSION

In closing, I wish to express my appreciation to the Franklin School Board and Franklin City Council for their thoughtfulness and consideration and to the numerous citizens and staff members who have given me helpful advice and assistance.

Respectfully submitted,

PHILIP G. HINES

Superintendent of Schools

March 27, 1959

SCHOOL NURSE'S REPORT

To the Superintendent of Schools:

Good health is an important foundation for happiness and school success. Therefore, it is our aim in the Franklin schools to help each pupil maintain the highest level of good health. To achieve this end, the following procedures were conducted during the past year.

A Tuberculosis Skin Test Clinic was held in February, 1958, with 711 children, teachers, janitors, and lunch room workers in attendance. On March 31, an X-ray Clinic was held at the Senior High School at which time all those who had a positive reaction to the skin test were X-rayed. In addition, 67 children attended a Chest Clinic held during the months of January and June. These children were examined by Robert Kerr, M. D. of the New Hampshire Tuberculosis Association.

A Poliomyelitis Clinic was held on March 7, 1958, with 506 children receiving their third inoculations.

Our annual Toxoid Clinic co-sponsored by the Franklin School Health Department and the Franklin Visiting Nurse Association was held during the months of April, May, and June with 211 children participating.

Miss Mary Bullock, physiotherapist from the New Hampshire State Board of Health, visited the "Treatment Center" once each month and supervised the exercises of children with flat feet, poor posture, and other orthopedic defects. Seventeen children also attended the Orthopedic Clinics in Manchester, Laconia, and Concord.

A Pre-registration Clinic was held on May 19 and 20, at which times 93 children were present. They were given a vision test, a hearing test, as well as a physical examination prior to entering school.

Continuing a program started several years ago, 250 pupils were examined before they started active participation in the school athletic programs.

Sum-totals of other activities of our health programs include the following:

Total number of Vision Tests administered	1,585
Total number of Hearing Tests	1,630
Total number of Inspections	1,920
Total number of School visits	1,400
Total number of hot lunches furnished by the Nurse's Hot Lunch Project	3,115

The Franklin Youth Counseling Project was held once a week and the results have proven that this is a worthy and successful project.

It is my distinct pleasure at this time to extend my personal gratitude to all persons and organizations who have in any way contributed to the Health Program in the Franklin Schools.

Respectfully submitted,

MARION MOYNIHAN, R. N.

Resolutions

RESOLUTION

NO. 1

In the year of our Lord one thousand nine hundred and fifty-eight
A resolution relating to borrowing money in anticipation of taxes.

Resolved by the City Council of the City of Franklin as follows:

That for the purpose of paying current maintenance and operation expenses, the Treasurer, with approval of the Mayor and at least a majority of the standing Committee on Finance, be and hereby is authorized, under and pursuant to the Municipal Finance Act, from time to time during the current financial year ending December 15, 1958, to issue and sell at discount notes of the City of Franklin in anticipation of taxes of said financial year not exceeding in aggregate principal amount outstanding at any one time three hundred seventy-five thousand (\$375,000.00) dollars. All such notes shall be signed by the Mayor and countersigned by the City Treasurer, shall have the city seal affixed thereto and shall bear the authenticating certificate of the First National Bank of Boston, in Boston, Massachusetts and each note shall bear a statement printed on the backthereof, signed by the City Treasurer, that it has been registered by him.

Approved:

Eugene S. Daniell, Jr.
Mayor

RESOLUTION

NO. 7

Whereas, the Sisters of Mercy are celebrating the 100th anniversary of their coming to New Hampshire:

Whereas, the Sisters of Mercy, for over sixty years, have faithfully served the youth of Franklin in the parochial schools and have contributed much to the moulding of the character of

our youth and through their great service helped to produce many outstanding citizens whose works have greatly aided this City:

Whereas, throughout the period of their residence in this City, they have always been ready and willing to aid the citizens of our community and are justly famous for their works of charity and their love of all who come their way:

BE IT THEREFORE RESOLVED that the Mayor and Council of the City of Franklin do hereby proclaim April 30, 1958, as the Sisters of Mercy Day and do direct that copies of this Proclamation be forwarded forthwith to the Sisters of Mercy in Manchester, to His Excellency, Lane Dwinell, Governor of the State of New Hampshire, and to the Most Reverend Matthew F. Brady, Bishop of Manchester.

Approved:

Eugene S. Daniell, Jr.
Mayor

RESOLUTION

NO. 8

In the year of our Lord one thousand nine hundred and fifty-eight.

A resolution relating to additional appropriation for County Tax.

Resolved by the City Council of the City of Franklin that the sum of \$3187.19 be appropriated for the Merrimack County Tax for 1958.

Approved:

Eugene S. Daniell, Jr.
Mayor

Passed: July 7, 1958

A true copy, attest:
Mildred S. Gilman
City Clerk

RESOLUTION

NO. 9

In the year of our Lord one thousand nine hundred and fifty-eight.

A resolution authorizing a sewer loan, public highway construction loan, and water loan aggregating \$50,000.00.

Resolved by the City Council of the City of Franklin as follows:

(1) That the following public works and improvements of a permanent nature are hereby authorized:

(a) The extension of the sewer system within said City of Franklin, said extension to consist of the following:

Construction in and for the industrial park area on the property known as Guay's Airport of a permanent sewage disposal and surface drainage system to include septic tank leaching field sewerage and drainage lines from area to Merrimack river, including the acquisition of land or rights of way or necessary easements, the estimated cost of which is \$15,010.00;

(b) The extension or enlargement of the water system within

said City of Franklin, said extension or enlargement to consist of the following:

Construction of an 8-inch water main from Salisbury Road in West Franklin to the industrial park area across property belonging to State of New Hampshire, also connection of two six-inch water lines on Salisbury Street now approximately one thousand feet apart, including the acquisition of land or rights of way or necessary easements, the estimated cost of which is \$15,000.00;

(c) The construction of public highways to consist of:

Construction of roads servicing said industrial park area both from Salisbury Road south and from Route 3 at the vicinity of Railroad overpass to and across the industrial park area. Construction of access roads and drainage to new elementary school including road from Sanborn Street to school and extension of Beaton Street north to said new street, including the acquisition of land or rights of way or necessary easements, the estimated cost of which is \$19,990.00;

(2) That the following sum are hereby appropriated for the aforementioned public works and improvements: \$15,010.00 for the extension of said sewer system; \$15,000.00 for the extension or enlargement of said water system; \$19,990.00 for the construction of said public highways, said appropriations to be raised by borrowing as hereinafter provided.

(3) There be and hereby is authorized under and pursuant to the Municipal Finance Statute and any other enabling authority the issuance and sale of serial coupon bonds of the City of Franklin aggregating fifty thousand dollars (\$50,000) in principal amount and discretion to fix the date, maturities, place of payment, interest rate, form and other details of said bonds and of providing for the sale thereof is hereby delegated to the City Treasurer with the approval of the Mayor.

(4) That the proceeds from the series of said bonds be and they hereby are appropriated for purposes set forth in the preceding paragraphs of this resolution as specified therein, provided, however, that any premium arising upon such sale, less the cost of preparing, issuing and marketing the bonds, shall be applied to the payment of the principal of and interest on the first of said bonds to mature; and it is hereby determined that each of the public works and improvements will have a useful life in excess of ten years.

RESOLUTION

NO. 10

In the year of our Lord one thousand nine hundred and fifty-eight.

A resolution relating to proposed changes in the Charter of the City of Franklin.

Resolved by the City Council of the City of Franklin that it is in the best interests of this City that its present Charter be amended by the General Court of the State of New Hampshire at its coming session so as to include provisions setting up the following:

1. A five-member School Board.
2. A salary for the Mayor of this City of not less than twenty-four hundred dollars (\$2400.00) per year except when the City shall be under a city manager type of government, in which case the salary shall be not less than twelve hundred dollars (\$1200.00) per year.

3. Pay for members of the City Council at the rate of ten dollars (10.00) for each regular session and five dollars (\$5.00) for each special session of the Council, providing no member shall be paid for a meeting which he has not fully attended.

And be it further resolved that copies of this Resolution be forwarded to all candidates for Representative to the General Court from this City and the State Senator.

Approved:

Eugene S. Daniell Jr.
Mayor

Passed: September 3, 1958

A true copy, attest:

RESOLUTION

NO. 11

In the year of our Lord one thousand nine hundred and fifty-eight.

A resolution relating to an expression of appreciation.

Resolved by the City Council of the City of Franklin as follows:

WHEREAS a new industrial plant of some seventy-three thousand (73,000) square feet in area has been built in this City by the Webster Valve Company and will shortly be in operation;

WHEREAS this industrial expansion will be of inestimable benefit to all the citizens of this community;

WHEREAS many of our citizens have contributed unselfishly of their time and resources in bringing success to this endeavor, but Marion A. and Albert B. Guay have been most outstanding in their generosity, contributing without charge land and easements thereto of great value;

BE IT THEREFORE RESOLVED by the City Council of the City of Franklin, on behalf of all the people of this community that we do express our sincere appreciation and thanks to Marion A. and Albert B. Guay for their valuable gift and commendable community spirit;

AND BE IT RESOLVED that a copy of this resolution be forwarded to Marion A. and Albert B. Guay, and a record made to be spread on the archives of the City.

Approved:

Eugene S. Daniell Jr.
Mayor

Passed: December 1, 1958

Ordinances

ORDINANCE

An ordinance to establish traffic control lights at the intersection of Central and Main streets.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. It is hereby ordered that there be erected and maintained at the intersection of Central Street and North and South Main Streets traffic lights to control traffic at said intersection which lights have been approved by the Commissioner of the New Hampshire Department of Public Works and Highways as to type, size, installation, and method of operation by order dated January 27, 1958.

Section 2. The hours when said lights shall be in operation shall be at the discretion of the Police Department of the City of Franklin.

Section 3. The colored lights and directional arrows at said intersection shall have the same meanings as defined in the regulatory order of the Commissioner of Public Works and Highways of the State of New Hampshire dated January 21, 1953. All vehicular and pedestrian traffic shall obey the signals indicated by said lights as defined in said order. A copy of said regulatory order shall be recorded with this ordinance in the ordinance records.

Section 4. No person operating a motor vehicle shall enter or pass through said intersection without due regard for the safety of other persons within the intersection, regardless of signal indication.

Section 5. Any person found guilty of violating any of the provisions of this ordinance shall be fined not less than five nor more than ten dollars.

ORDINANCE

An Ordinance relating to parking at Webster Lake

In the year of our Lord one thousand nine hundred and fifty-eight

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. On Saturdays, Sundays and Holidays, between June 10th and September 10th of any year, between the hours of 9:00 a. m. and 9:00 p. m. Eastern Daylight Saving Time, no one shall park a motor or other vehicle in any public parking area or public way within a distance of five hundred (500) feet of either Lagace or the Old Beach, so-called, at Webster Lake, without first obtaining a permit from the Franklin police.

Section 2. The fee for a permit to park a vehicle in said areas for any one day shall be one dollar (\$1.00) for passenger vehicles with a capacity of less than ten persons and three dollars (\$3.00) for all other vehicles. Individuals living within the limits of Franklin shall be entitled to purchase a season permit for the sum of one dollar (\$1.00) for each vehicle owned by them. Such vehicle shall at all times display conspicuously a sticker provided by the police, indicating that it is covered by such permit.

Section 3. Each house or cottage owner within the area covered by this ordinance shall be entitled to one free season permit for each such residence.

Section 4. Season permits shall be sold only at the Police Station and at the office of the City Clerk.

Section 5. One half (1/2) of all funds paid in for said permits shall be paid to the Park Commission for improvement of said beaches, the remainder to be used by the City to cover cost of police protection and highway maintenance of said areas.

Section 6. When deemed necessary by the police, sections of Webster Avenue adjacent to the Old Beach may be closed to all vehicular traffic.

Section 7. Penalty for violation of any provision of this ordinance shall be not more than ten dollars (\$10.00).

Section 8. This Ordinance shall take effect upon its passage.

AN ORDINANCE RELATING TO JUNK YARDS

In the year of our Lord one thousand nine hundred and fifty-eight.

Be it Ordained by the City Council of the City of Franklin as follows:

Section 1. Definitions:

(a) The term "Motor-vehicle junk yard" as used herein shall include any business and any place of storage or deposit, whether in connection with another business or not, which has stored or deposited two or more unregistered motor vehicles

which are no longer intended or in condition for legal use on the public highways, or used parts of motor vehicles or old iron, metal, glass, paper, cordage, or other waste or discarded or secondhand material which has been a part, or intended to be a part of any motor vehicle, the sum of which parts or material shall be equal in bulk to two or more motor vehicles. Motor-Vehicle junk yard shall also include any place of business or storage or deposit of motor vehicles purchased for the purpose of dismantling the vehicles for parts or for use of the metal for scrap and where it is intended to burn material which are parts of a motor vehicle or cut up the parts thereof.

(b) The term "machinery junk yard" as used herein shall mean any yard or field used as a place of storage in which there is displayed to the public view, junk machinery or scrap metal that occupies an area of five hundred square feet or more.

(c) The term "compact area" as used herein shall mean the territory within the City of Franklin which has been designated as the compact area by the Commissioner of Public Works and Highways of the State of New Hampshire pursuant to Chapter 230:4 (IV) of New Hampshire Revised Statutes Annotated, as of the date of enactment of this ordinance.

Section 2. No person, firm, or corporation shall locate or maintain a motor-vehicle junk yard or machinery junk yard within the compact area of the City of Franklin.

Section 3. No person, firm or corporation shall locate or maintain a motor vehicle junk yard or machinery junk yard outside the compact area of the City of Franklin except with the permission of the Planning Board subject to such limitations and regulations as said board may prescribe.

Section 4. Any persons, firm, or corporation convicted of violating any of the provisions of this ordinance shall be fined not more than twenty dollars for each day such violations may exist.

Adopted, April 7, 1958

Eugene S. Daniell jr.
Mayor

ORDINANCE

AN ORDINANCE ESTABLISHING A PLANNING BOARD

In the year of our Lord one thousand nine hundred and fifty-eight.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. There is hereby established, pursuant to New Hampshire Revised Statutes Annotated, chapter 36, a planning board.

Section 2. Said board is hereby designated: "City Planning Board."

Section 3. The city planning board shall consist of nine members, namely, the mayor, one administrative official of the city who shall be selected by the mayor, one member of the City Council who shall be selected by it, as members *ex officio*, and six persons who shall be appointed by the mayor.

Section 4. All members of the city planning board shall be residents of the city and shall serve as such without compensation, and the appointed membership shall hold no other municipal office, except that one of such appointed members may be a member of a zoning board of adjustment if such a board is established by the city, and provided also that any of such appointed members may be a justice of the Municipal Court.

Section 5. The terms of *ex officio* members shall correspond to their official tenures except that the term of the administrative official selected by the mayor shall terminate with the term of the mayor selecting him. The term of each appointed member shall be six years, except that the respective terms of five of the members first appointed to said board shall be one, two, three, four, and five years.

Section 6. Members of the city planning board other than the members selected by the council may, after public hearing, be removed by the mayor for inefficiency, neglect of duty, or malfeasance in office. The council may for like cause remove the members selected by it. The mayor or the council, as the case may be, shall file with the city clerk a written statement of reasons for such removal at least seven days before the date of the public hearing required herein.

Section 7. Vacancies in the membership of the city planning board occurring otherwise than through the expiration of term shall be filled for the duration of the unexpired term by the mayor in the case of members selected or appointed by him, and by the council in the case of a member selected by it.

Section 8. The city planning board shall elect its chairman from the appointed members and create and fill such other offices as it may deem necessary for its work. The term of the chairman shall be one year, and he shall be eligible for re-election.

Section 9. The city planning board shall hold at least one regular meeting in each month. It shall adopt rules for the transaction of business, and shall keep a public record of its resolutions, transactions, findings and determinations.

Section 10. The city planning board may appoint such employees as it may deem necessary for its work, and may also contract with city planners, engineers, architects, and other consultants for such services as it may require.

Section 11. The expenditures of the city planning board, exclusive of gifts, shall be within the amounts appropriated for the purpose by the city council.

Section 12. The city planning board shall have power to promote public interest in and understanding of the master plan and of the official map of the city as hereinafter described and to that end may publish and distribute copies of the master plan, or of the aforesaid official map, or of any report and may employ such other means of publicity and education as it may deem advisable. The city planning board shall have authority to make such investigations, maps and reports and recommendations in connection therewith, relating to the planning and development of the city, as seem desirable to it. It shall be the duty of the city Planning board to consult and advise with public officials and agencies, public utility companies, civic, educational, professional, research, and other organizations, and with citizens with relation to the protecting or carrying out of the master plan, and to make recommendations relating to the development of the city. Members of the city planning board,

when duly authorized by said board, may attend city planning conferences or meetings of city planning institutes or hearings upon pending city planning legislation and the city planning board may by resolution spread upon its minutes, pay the reasonable traveling expenses incident to such attendance. The city planning board may from time to time report and recommend to the appropriate public officials and public agencies programs for the development of the city for the erection of public structures and improvements and for the financing thereof. The city planning board shall have the right to accept and use gifts for the exercise of its functions.

Section 13. All public officials shall upon request furnish to the city planning board within a reasonable period of time such available information as it may properly require for its work.

Section 14. It shall be the function of the city planning board to make and perfect from time to time, so far as funds appropriated by the council for such purpose will permit, a master plan for the development of the city, including any areas outside of its boundaries which, in the city planning board's judgment, bear relation to the planning of the city. Such master plan, with the accompanying necessary map, plats, charts, and descriptive matter, may be designed with the intention of showing as fully as is possible and practical the city planning board's recommendations for the desirable development of the territory legally and logically within the scope of its planning jurisdiction in accord with chapter 36, section 13, New Hampshire Revised Statutes Annotated.

Section 15. In the course of the preparation of such master plan the city planning board may make careful and comprehensive surveys and studies of existing conditions and of data and information relative to the probable future growth of the city and its environs. The master plan shall be made with the general purpose of guiding and accomplishing a co-ordinated, adjusted, and harmonious development of the city and its environs which will, in accordance with existing and probable future needs, best promote health, safety, morals, order, convenience, prosperity, or the general welfare, as well as efficiency and economy in the process of development: including, among other things, adequate provision for traffic, the promotion of safety from fire and other dangers, adequate provision for light and air, the promotion of good civic design and arrangement, wise and efficient expenditure of public funds, and the adequate provision of public utilities and other public requirements.

Section 16. The city planning board may adopt the master plan as a whole by a single resolution or may by successive resolutions adopt successive parts of the plan, said parts corresponding with major geographical sections or divisions of the city or with functional subdivisions of the subject matter of the plan, and may adopt any amendment or extension thereof or addition thereto. Such master plan shall be a public record, but its purpose and effect shall be solely to aid the city planning board in the performance of its duties. The adoption of the master plan or any amendment thereof shall be by resolution carried by the affirmative votes of not less than a majority of all the members of the city planning board. The resolution shall refer expressly to the maps, descriptive matter, and other matters intended by the city planning board to form the whole or part of the plan, and the action taken shall be recorded on the

adopted plan or part thereof adopted by the identifying signature of the chairman or secretary of the city planning board, and a copy of the plan or part thereof shall be certified to the council.

Section 17. If any part or parts of this ordinance shall be held to be invalid, such invalidity shall not affect the validity of the remaining parts of this ordinance. The council hereby declares that it would have passed the remaining parts of this ordinance if it had known that such parts thereof would be declared invalid.

1959 Real Estate Assessments

This booklet contains the names of the owners of real estate in the City of Franklin, N. H. as of April 1, 1959 together with the sound value (appraised fair market value) and the amounts for which each property was assessed for tax purposes as of April 1, 1958 and April 1, 1959.

The assessed valuations for this year were made by the Assessors on the basis of figures given to the Board by the State Tax Commission as a result of appraisals made by members of its staff. The 1959 assessment figure does not represent full value of the property but a uniform proportionate value at 60% throughout — the purpose being to equalize all individual assessments on the same basis. Property record cards containing a description of each piece of property are on file at the office of the Assessors. These cards may be examined by any interested party.

If any property owner believes the assessment on his property this year is disproportionate with assessments generally in the City of Franklin, he may appeal to the Assessors in writing for abatement. First, to determine if such assessment is disproportional, the owner should consider whether the "Sound Value" (middle column) is in excess of what the property would have sold for at a fair sale on April 1st of this year. If he believes that the "Sound Value" is greater than his estimate of the actual market value he has reason to appeal to the Assessors in writing for abatement. Forms for this purpose may be obtained from the Board of Assessors. Upon refusal of the Board to make such abatement he may within six months of the receipt of his tax bill appeal to the State Tax Commission, in writing, for abatement, or if he so desires may enter an appeal for abatement with the Superior Court of Merrimack County. In Cases where an appeal is made to the Tax Commission, the Commissioners themselves will examine the property in question to determine whether the original assessment was, in their opinion proper. If not, the necessary adjustment will be made upon order of the Commission and if it is found that the assessment was excessive and the taxes have been paid a refund will be made. A property owner dissatisfied with the Commission's decision may appeal to the Superior Court for abatement within three months from the notice thereof.

For purposes of economy and efficiency the Commission will allow appeals made to it to accumulate until after the six months' period for filing has expired so that all properties may be examined at the same time.

It is called to your attention that interest at the rate of 6% per annum will be charged on all property taxes not paid by the due date and the filing of a request for review of assessment will not waive this penalty.

GERARD LEMIRE

ARTHUR LABONTE

GEORGE TURCOTTE

ASSESSORS OF FRANKLIN

In reading the tabulations on this and the following pages note that the 1959 Assessor's Valuation represents 60 per cent of the Appraiser's Sound Value as determined by the State Tax Commission. The 1958 Assessor's Valuation represented the Assessor's appraisals on the basis of 50 per cent of sound value. Asterisks (*) indicate taxpayers who are credited with a veteran's exemption under the law. The 1958 Assessor's Valuations as shown here do not reflect these exemptions (\$1,000 in most cases) but the 1959 Assessor's Valuations show the net assessments after the exemptions have been deducted. For purposes of tax comparisons, note that the 1958 levy was \$57 per \$1,000 of the 1958 Assessor's Valuations (column 1) while the 1959 levy is \$46 per \$1,000 of the 1959 Assessor's Valuations (column 3). In this tabulation the abbreviations "L. & B." are used to designate Land and Buildings. Fractional parts of a dollar are not shown.
